

## PT Anugerah Global Superintending

AGS Saraswanti is a business unit within the TIC Division (Testing-Inspection-Certification). The Inspection Institution of PT AGS has met the ISO 17020 requirements and has been accredited by the National Accreditation Committee under the number LI-144-IDN. LI-AGS is able to promptly and accurately publish a field report on the commodities inspected, covering quality and weight standards, among other things.

## The Trustworthy Superintending

The Inspection Institution of PT AGS (LI-AGS) operates as an institution capable of supervising, supported by qualified human resources with credibility and integrity. Our resource network is stretched over several significant areas in Indonesia, including Sumatera, Jawa, Kalimantan, and Sulawesi, and we have worked with certain international surveyors in China and Taiwan for overseas inspections.
